

Dear Traveler,

Thank you for choosing to travel with us. As in the USA, many countries require the permission of a parent or guardian of minors under the age of 18 before medical treatment can be given and includes testing for Covid-19.

Currently the CDC requires all travelers to provide evidence of a negative Covid test taken the day prior to boarding a flight returning to the US. For tours in 2022, ACIS is facilitating and paying for these tests and must show proof of permission to test providers.

Please complete this form, have it signed by a parent/guardian, upload the scanned document to the portal, and upload a photo of the parent/guardian's passport or driver's license.
